**Invitation to Bid  
Town Hall  
Parking Lot Driveway/Road  
2019**

**Addendum # 1**

Project Clarifications:

- There should be key cuts ground out on each end of the work area marked out.
- A paved swale should be used on the west side of the driveway to prevent eroding of the adjacent parcel. (NO curbing)
- The bank on the west side of the driveway should be restored to hold up driveway and prevent runoff. (No plain rip rap)
  - Rip rap will have to have soil and be seeded.
- A berm from should be utilized from the corner marked in paint where the last pillar for the ramp is closest to the basement door to the edge of the building.
