

Are there any special instructions for second homeowners/nonresidents?

Vermont “strongly discourages” incoming travel from coronavirus hotspots in the Northeast. All people – full-time residents and second homeowners, who come to Vermont for any reason other than an essential purpose, must immediately self-quarantine for 14 days. This quarantine is essential in order to protect those of us who are already here, as well as to minimize the impact on our health care system. Self quarantine means **STAY HOME** and monitor your health for 14 days. Volunteers are available to deliver food and supplies to your door. To request this assistance, call 802-457-7516. Please see the section below about self-quarantine.
