

Billings Park Commission  
Minutes (Draft)  
14 December 2020  
4:00 PM

In attendance: Alison Clarkson, Randy Richardson, Don Wheeler, Bill Kerbin, Becky Williams, Sam Segal (4:50).

Meeting was called to order at 4:05PM.

Minutes from the Nov.30, 2020 meeting were tabled until the next meeting.

Discussed the latest on the Mt. Peg MOU and Q&A comments from the town/Wamba.

Randy and Alison to work on Q&A project. To be a one page document completed in January.

Mt. Peg summit kiosk is installed. Sam shared picture. Map for summit kiosk and trailhead kiosk are in production. Do not have date for completion. One neighbor had concerns with the placement of the kiosk impeding the view West. The BPC had met in the late summer and chose the kiosk placement carefully – back far enough from the bench and picnic table. We worked to keep it out of the view-shed but prominent enough for mountain bikers to see before they head down onto the hiking trails and present enough for hikers to see when they arrive at the bench/picnic table. We will re-visit the placement in the Spring once the leaves are out.

Park management plan is still a work in progress. Need to work with Kent McFarland on Ecological part of the plan. Jennifer still communicating with Redstart to get more info. Need (hope) to have a draft management plan by April for review and further discussion.

Update on Faulkner Park Task Force and working group. Moving ahead slowly. Hope to conclude with a consensus recommendation to the Selectboard after a few more meetings. Much still needs to be discussed.

2021 Planning:

Trail maintenance plan needed for Mt. Peg and Mt. Tom as drainage and other maintenance needs to done on a regular schedule.

Next meeting is scheduled for January 25, 2021 at 4:30PM.

Meeting adjourned at 5:15PM.
