

# **Woodstock Cannabis Commission Minutes of February 9, 2022**

**Attendees: Tory Littlefield, Seton McIlroy, Lisa Lawlor, Devon Kurtz, Philip Robertson, Frank Horneck & Public**

## **Agenda:**

1. Call to order - Tory Littlefield, Chair
2. Public Information Presentation on Retail Cannabis
3. Public Comments
4. Adjourn

## **Call to order @ 6:03PM**

**Tory Littlefield: Introduces the presentation document on Retail Cannabis.**

**Team of Tory Littlefield, Seton McIlroy, Lisa Lawlor, Devon Kurtz, Philip Robertson, Frank Horneck go through the document in sections**

After Presentation Tory Littlefield opened the discussion for questions.

**Mary Riley :** Requested to view chart on last page of presentation.

**Tory Littlefield: Brought back up chart titled : WCSU students historically use alcohol & other drugs at rates higher than WSESU peers**

**Lisa Lawlor: There have been several studies, nation wide on the impact or marijuana use of people under the age of 21 when they go from an illegal to a legal market. There has been no marketable increase of use when they switch from one to another, which makes the assumption they have access to marijuana.**

**Tom Myerhoff: Who is eligible? Are existing retail stores eligible to sell marijuana? and are liquor stores able to sell marijuana? or does it have to be a stand alone business.**

**Seton McIlroy:** It has to be a stand alone business. There are pretty significant security requirements. It has to be a place that has a specific number of doors that get locked and opened. ID requirements. Not something at the cash register.

**Tom Myerhoff:** Will they be able to sell other items? like paraphernalia, pipes, etc.

**Tory Littlefield:** Yes, and potentially immature plants.

**Seton McIlroy:** Clones. There could be a stand alone nursery that sells clones and seeds.

**Tory Littlefield:** Any other questions? We would even take any feed back and share with the list serve before the vote.

**Seton McIlroy:** There is a FAQ available on the town website, that you can take a look at or share with someone. The Cannabis Control Board website has a ton of information as well.

**Tory Littlefield:** We will be putting these slides as well as the town recording on the site.

**Meeting adjournment motion by Seton, seconded by Frank at 6:40 p.m.**
