I. CALL TO ORDER 7:02 pm

II. TOWN AND VILLAGE VOTE

While the Town has voted to approve cannabis dispensaries, the Village voted against it. This means that cannabis dispensaries may be located only in the portion of the Town of Woodstock outside the central Village area.

III. ESTABLISHMENT OF A LOCAL CANNABIS CONTROL COMMISSION

The decision whether to establish a Local Cannabis Control Commission is pending direction from the Vermont Cannabis Control Board. It has not been determined when this direction will be received.

One question is whether there should be a separate Local Cannabis Control Commission or whether the Town Trustees should serve this function. This could be determined by how much discretion will be given to towns vs. directives from the Vermont Cannabis Control Board.

IV. STATE LICENSING OF CANNABIS RETAILERS

Applications to the State for prequalification of cannabis retailers have been submitted. Licenses will be issued starting in October. Applications have been submitted for cannabis retailers to be located in Woodstock.

V. NEXT MEETING OF THE CANNABIS COMMISSION

The next meeting will be after receiving additional direction from the Vermont Cannabis Control Board.

VI. ADJOURNMENT

Motion by Tory to adjourn meeting at 7:30 pm.
