Town Hall _____ Committee
Mission Statement Draft

The Committee's mission, building on extensive work by the original committee, is to recommend to the Select Board a fiscally prudent plan for modernizing Woodstock Town Hall. The scope of the project will focus on the Town Hall's three historic uses: the center of local government, a performing arts venue, and community meeting space. The plan will be a phased approach that ensures the building's structural integrity while preserving its historic character.
