The 2nd general ledger was obtained for audit primarily due to the volume of late adjustments that the auditor was receiving from management for the initial general ledger provided for the audit.  - a. There was a discussion about leaf blowers in the Village. The Trustees heard from both sides. They understand the expense. It is not possible to strictly use electric right now.
 - 2. Request from Bookstock
 - a. There is a special request on behalf of Bookstock 2023 for the use of portable restrooms on the Village Green. This request has been prompted by the feedback of previous festival attendees as well as local supporters who wish to present the festival, and the Town of Woodstock, at its most welcoming to

visitors. The issue of available restrooms becomes the most apparent during events that draw visitors from beyond the Village borders. The Welcome Center provides some support in this area, but the limited number of restrooms available coupled with its less than visible location makes it less than adequate to support the amount of foot traffic expected for the 2023 Bookstock festival. They will talk to the library about having porta-potties in their parking lot on the Village's rented spaces.

- 3. Overnight camping/sleeping in vehicles on Village streets
 - a. Chief Blish stated that towards the end of last year in the fall there were people that were sleeping in campers or in cars primarily on Mountain Avenue by Faulkner Park. Two weeks later it went away when the weather got colder. He noticed people doing it again not too long ago. A resident on Mountain Avenue had brought the issue to him. There are temporary no overnight parking signs along Faulkner Park. Since there is no ordinance against it, they cannot enforce it. He can look into what other municipalities are doing regarding this. He thinks it is fine for people to do it at East End Park.
 - b. Mr. Kahn stated that they should leave up the temporary signs while this is explored more.
- 4. Bathrooms and buses during foliage
 - a. The portable bathrooms behind the library may help with this if they can get them. They need to possibly increase signage. They should look into having maps with accurate information on them. This would be helpful so people getting off buses know where to go. They recommend having somebody either hired or a volunteer that can stand next to buses when people get off. Bus drivers do not have this information. There is a grant from the EDC for a greeter. Mr. Duffy will start looking at what other towns have done so they can start gathering information. They will discuss this more next month.

K. Other business

- 1. East End Park & a parcel of land
 - a. Mr. Kahn stated that initially because of the lack of parking, they were interested in acquiring land that adjoins the East End Park. It is a little over an acre between East End Park and Sunset Farms. They thought of putting a parking lot in there. They started negotiations with the Inn and came up with a price and this was tied in with a grant from the WISPr Project. That is tied into the South Woodstock sewage plant upgrade. This made them eligible for the grant because it had to with waterways and this land is right next to the Ottauquechee River. The original thought got turned down by the State. They cannot put a parking lot there because of the flood plain. They were still interested in acquiring land for the park. It has been 2 ½ years. The ORT decided to put a handicap walkway on this land and got funds from EDC. They cleared vegetation that made us ineligible for grant. The State is willing to reallocate the money once the riparian barrier is replanted. They need to figure out who is going to replant.
