Vote: 5-0-0, passed.

F. Discussion

Update and Recommendation from Investment Advisory Group (6:09PM)

Jill Davies, a member of the Investment Advisory Group, provided an update on the Rockefeller Endowment Fund, which has increased in value by 11% over the past year.

The fund is invested in Vermont Community Loan Fund, equities, and stocks with Vanguard, following a 60% in stocks and 40% in bonds ratio.

Jill Davies proposed changing the balance to 75% in equities and 25% in bonds to better align with market performance and future distributions to the town and village.

Laura Powell inquires about past disbursements from the fund, and Davies provides examples, including a special disbursement for a truck and fire engine.

EDC Housing Incentive Housing Grant (6:13PM)

Jill Davies, representing the Housing Working Group, discusses the "lease to locals" program aimed at converting short-term rentals to long-term leases.

The program has had some interest but no commitments, leading to a proposal to double the incentives for long-term leases.

The current incentives are \$1,500 for a seasonal lease and \$3,000 for a one-year lease, proposed to be increased to \$6,000 for a one-year lease.

Water System Acquisition (6:25PM)

Allocation of Cost

Eric Duffy presented the estimated cost of \$8.3 million for the water system acquisition, including the Vondell property and various Capital infrastructure projects.

The board discussed potential allocation of costs, with a focus on using a portion of the local option tax funds.

The board also discussed the importance of setting a precedent for future infrastructure projects and the potential impact on taxpayers.

Public Comment

Jill Davies emphasized the importance of not setting a precedent for user-pay-only infrastructure costs, citing the principle of shared public good

The board discussed the potential impact of a 50% increase in water rates to cover the bond payment, with some members expressing concerns about the precedent.

The board agreed to have the Vondell property and Route 4 pipe upgrade paid by all parcels, and the well replacement and Elm Street pipe expenses paid by water users only.

The board also agreed to use flat amounts for cost allocation and base it off appraised value of homes or properties

G. Executive Session 1 V.S.A 313

Motion: by Chair Ray Bourgeois to enter Executive Session 1 V.S.A 313
(7:22PM)

Seconded: by Laura Powell

Vote: 5-0-0, passed. (Returned 7:39pm)

The board agreed to schedule a meeting for the following Tuesday at 5 PM to present updated cost estimates and discuss the water budget.

The board also plans to continue holding public meetings at various locations to engage with residents and address their concerns.

H. Adjournment

Motion: by Susan Ford to adjourn the meeting at (7:42 PM)

Seconded: by Laura Powell

Vote: 5-0-0, passed.
